

International Conference on Plant Systems Biology and Biotechnology (ICPSBB) 2020

**Golden Sands Black Sea Resort
Hotel International*******

15 – 18 September 2020

The ICPSBB 2020 will be held in the Golden Sands Black Sea Resort, Hotel International, from 15 to 18 September 2020: <https://conference2020.cpsbb.eu/>

ICPSBB 2020 will have the following topics: Genomics, Abiotic and Oxidative Stress, Plant Development, Plant Biotechnology, Molecular Biology, Evolutionary Biology, Molecular Breeding, Plant Systems Biology, Bioinformatics and Computational Modelling.

Some of the best scientists in these fields will deliver keynote and invited lectures. This event will be a fantastic opportunity for you to get familiar with the latest developments in the fields of plant systems biology and biotechnology, as well as to develop new contacts and networks.

The Golden Sands is one of the best resorts on the Black Sea, and September is a very pleasant month in Bulgaria.

Both oral and poster presentations are welcomed!
